

January 11, 2021

To the Executive Committee
Coachella Valley Association of Governments
Palm Desert, California

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Coachella Valley Association of Governments (the Association) for the year ended June 30, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 27, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Association are described in the notes to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during fiscal year 2019-2020. We noted no transactions entered into by the Association during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the Association's financial statements was:

Management's estimate of its net pension liability is based on actuarial valuation specialist assumptions. We evaluated the key factors and assumptions used to develop the net pension liability in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

To the Executive Committee
Coachella Valley Association of Governments
Palm Desert, California

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. These differences are described below. In addition, none of the misstatements detected as a result of our audit procedures were material, either individually or in the aggregate, to the financial statements taken as a whole.

Unadjusted Audit Differences	Current Year Over (Under) Revenues and Expenditures/Expenses and Changes in Fund Balance/Equity
Due to immateriality, it is the consistent practice of the Association to not accrue payroll payable at 6/30.	\$ 29,702
Cumulative effect (before effect of prior year differences)	29,702
Effect of unadjusted audit difference - prior year	(58,176)
Cumulative effect (after effect of prior year differences)	\$ (28,474)

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated January 11, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Association's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Association's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Coachella Valley Association of Governments
Palm Desert, California

Other Matters

We applied certain limited procedures to the management's discussion and analysis; the budgetary comparison schedules for the General Fund, the Transportation Uniform Mitigation Fees Fund, the Measure A Fund, and the CV Link Fund; the schedule of proportionate share of the net pension liability; and the schedule of plan contributions which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on combining nonmajor fund financial statements which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

New Accounting Standards

The following new Governmental Accounting Standards Board (GASB) pronouncements were effective for fiscal year 2019-2020 audit:

GASB Statement No. 95, *Postponement of Effective Dates of Certain Authoritative Guidance*.

The following pronouncements have been postponed as a temporary relief to governments and other stakeholders in light of the COVID-19 pandemic and the new effective date is reflected in the following fiscal years and should be reviewed for proper implementation by management:

Fiscal year 2021

GASB Statement No. 84, *Fiduciary Activities*.

GASB Statement No. 90, *Majority Equity Interests - an Amendment of GASB Statement Nos. 14 and 61*.

Fiscal year 2022

GASB Statement No. 87, *Leases*.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*.

Fiscal year 2023

GASB Statement No. 91, *Conduit Debt Obligations*.
